

OraSure Technologies, Inc.

Quality Policy

OraSure Technologies Inc. Global Quality Policy is to provide superior quality product, dividing the benefits among customers, stockholders and employees while improving the quality of peoples lives by:

- Demanding and measuring first time **quality** in order to exceed the expectations of our customers.
- Continual improvement of the Quality System of each OraSure Technologies, Inc. site by establishing, implementing, reviewing and revising **quality** objectives.
- Ensuring all OraSure Technologies, Inc. employees have a clear understanding of, and strictly adhere to, the Company's **Quality Policies** as well as regulatory requirements.
- Providing necessary resources to all employees, including safe, desirable facilities, equipment, training, tools and documentation that will foster **innovation** and **agility**.
- Fostering an environment of **trust**, integrity, challenge and reward that attracts and retains the best individuals.
