Intercept[®] Oral Fluid Drug Test – Fact Sheet

Manufacturer: OraSure Technologies, Inc.
220 East First Street, Bethlehem, PA 18015
Telephone: 610-882-1820
Fax: 610-882-1830

Product Description: The Intercept[®] Oral Fluid Drug Test is an FDA-cleared laboratory-based oral fluid drug testing system that enables accurate testing for drugs of abuse, including marijuana, cocaine, PCP, amphetamine, methamphetamines (including Ecstasy), opiates, benzodiazepines, barbiturates, and methadone.

Intercept[®] offers a non-invasive oral fluid collection process that can be administered quickly, virtually any time or anywhere. By enabling direct supervision of sample collection, Intercept[®] drastically reduces the opportunity for tampering and use of adulteration products and eliminates gender issues and the need for same-sex test administrators.

Accuracy: Delivers proven laboratory reliability and accuracy comparable to urine testing.

Appropriate for Testing in: Appropriate for drug testing programs in the following settings, among others:

- Workplace
- Criminal Justice
- Drug and Alcohol Abuse Treatment Centers
- Clinical

Key Product Features:

- FDA-cleared
- Non-invasive oral fluid collection process
- Comprehensive screen for drugs of abuse, including marijuana, cocaine, PCP, opiates, amphetamine, methamphetamines (including Ecstasy), opiates, benzodiazepines, barbiturates, and methadone
